

HV30 Smooth Solid Copper Sheet Metal 0.1mm-200mm Thickness

Our Product Introduction

Basic Information

- Place of Origin: china
- Brand Name: jinshunlai
- Certification: IOS
- Model Number: 0.1mm-900mm
- Minimum Order Quantity: 1kg
- Price: contact us
- Delivery Time: 5days
- Payment Terms: L/C, T/T , Western Union,D/P
- Supply Ability: 90000ton

Product Specification

- Color: Red
- Conductivity: $\geq 100\%$ IACS
- Density: 8.9g/cm³
- Elongation: $\geq 30\%$
- Form: Sheet
- Hardness: HV30
- Length: 2000mm
- Material: Copper
- Melting Point: 1083
- Shape: Rectangle
- Surface: Smooth
- Tensile Strength: ≥ 170 MPa
- Thickness: 0.5mm
- Tolerance: ± 0.1 mm
- Width: 1000mm

Product Description

HV30 Smooth Solid Copper Sheet Metal 0.1mm-200mm Thickness

Product Description:

Copper Sheet Plate is a kind of metal material which is widely used for various kinds of engineering and industrial applications. It is made of high-quality copper material with thickness from 0.1mm to 200mm. It has excellent mechanical strength and ductility, and can be easily processed into different shapes by cutting, bending, welding, copper sheet stamping, and copper sheet cladding. It has been certified with ISO 9001:2008, SGS, and other certification standards, and the minimum order quantity (MOQ) is one ton.

Features:

Product Name: Copper Sheet Plate

Material: Copper

Certificate: ISO 9001:2008, SGS, Etc.

Tolerance: ± 0.01 mm

Package: Standard Export Package

Shape: Sheet Plate

Features: Copper Sheet Stamping, Copper Sheet Laminating, Copper Sheet Rolling

Technical Parameters:

Parameter	Value
Width	1000mm-3000mm
Thickness	0.1mm-200mm
Length	1000mm-6000mm
Processing	Cutting, Bending, Welding, Etc.
Payment Term	T/T, L/C, Etc.
Package	Standard Export Package
Surface	Polished, Bright, Anodized, Etc.
Material	Copper
Shape	Sheet Plate
Tolerance	± 0.01 mm
Copper Sheet Galvanizing	Yes
Copper Sheet Corrugating	Yes
Copper Sheet Anodizing	Yes
Copper Sheet Polishing	Yes

Applications:

Copper sheet plate is widely used in all kinds of fields and industries due to its excellent properties. It is made of top-grade copper materials such as C10100, C10200, C10300, C10400, C10500, C10700, C10800, C10910, C10920, C10930, C11000, C11300, C11400, C11500, C11600, C12000, C12200, C12300, C12500, C14200, C14420, C14500, C14510, C14520, C14530, C17200, C19200, C21000, C23000, C26000, C27000, C27400, C28000, C33000, C33200, C37000, C44300, C44400, C44500, C60800, C63020, C65500, C68700, C70400, C70620, C71000, C71500, C71520, C71640, C72200. It has good electrical and thermal conductivity and excellent corrosion resistance. It is light and strong, and it is easy to process. In addition, the tolerance of copper sheet plate is ± 0.01 mm, and the length is between 1000mm-6000mm.

Copper sheet plate is widely used in many fields. It can be used for stamping, galvanizing, deep drawing, welding and other processes to make various electrical components, radiator, chassis, air conditioning and other industrial parts. It can also be used for decorations, such as making copper vases, copper lamps, copper decorations and so on. Besides, copper sheet plate can be used for making special parts used in the aerospace and military industry.

Copper sheet plate is produced by Jiangsu Wuxi with the brand name of Copper. It has high quality and reasonable price. The payment term is T/T, L/C, etc. And the standard export package is provided.

Customization:

Customized Copper Sheet Plate Service

We offer a variety of **customized copper sheet plate services** for different copper materials including

C10100, C10200, C10300, C10400, C10500, C10700, C10800, C10910, C10920, C10930, C11000, C11300, C11400, C11500, C11600, C12000, C12200, C12300, C12500, C14200, C14420, C14500, C14510, C14520, C14530, C17200, C19200, C21000, C23000, C26000, C27000, C27400, C28000, C33000, C33200, C37000, C44300, C44400, C44500, C60800, C63020, C65500, C68700, C70400, C70620, C71000, C71500, C71520, C71640, C72200.

Our **customized copper sheet plate services** include cutting, bending, welding, laminating, anodizing, polishing, etc. We are based in Jiangsu, Wuxi and we offer a minimum order of 1 ton. Our copper sheet plate come in different shapes and sizes with

a length of 1000mm-6000mm and thickness of 0.1mm-200mm.

Support and Services:

Technical Support and Service for Copper Sheet Plate

We provide comprehensive technical support and services to ensure our copper sheet plate meet your needs. Our team of experts is available to answer your questions and provide you with guidance and advice throughout the entire process. We offer a wide range of services, including:

Consultation and design services to help you choose the right product for your needs

Guidance on proper installation and maintenance of your copper sheet plate

On-site support for troubleshooting and resolving any issues

Regular maintenance checks to ensure optimal performance

Replacement parts and accessories as needed

We understand that copper sheet plate are a critical component for many businesses, and we take our responsibility to provide quality technical support and service very seriously. If you have any questions or need assistance, please don't hesitate to contact us.

Packing and Shipping:

Packaging and Shipping for Copper Sheet Plate:

We package the Copper Sheet Plate in a cardboard box with protective foam on the inside. This ensures that the product is safe and secure during transport. The box is then sealed with a plastic wrap and placed in a shipping container.

The container is then loaded onto a truck or sent by air or sea freight, depending on the location of the recipient. We use reliable shipping partners to ensure that the Copper Sheet Plate arrives to its destination safely and on time.
